LYSARIDES FOUNDATION

Website Development – Needs Analysis Assessment Questionnaire

Purpose: This questionnaire is designed to guide the needs-analysis meeting for the development of the new Lysarides Foundation website and digital platform. It builds on the requirements already identified in the Cooperation Agreement, including digital presentation of collections, QR experiences, events and registrations, newsletter/database functionality, analytics and, where agreed, e-commerce.

The questionnaire should help us determine **what exists, what is needed, what content is available, what functionality should be prioritised, and what should be included in the first six-month implementation phase.**

A. VISION & OBJECTIVES

1. What should be the primary purpose of the new website?
Select all that apply and identify the top three priorities.

☐ x Present the Foundation and its history
☐ x Present Vassos Lysarides and his legacy
☐ x Present Barbara Lysarides and her legacy
☐ x Digitally showcase the Foundation's collections
☐ Promote physical visits to the Foundation
☐ x Promote events and activities
☐ Provide educational content
☐ x Engage children and young people
☐ Support schools and educators
☐ Promote projects and competitions
☐ Support research and academic activity
☐ Publish research and publications

☐ x Provide access to archival material
☐ Create QR-linked visitor experiences
☐ Build an online community
☐ Sell books/publications/products
☐ Promote partnerships and collaborations
☐ Other: _____

2. In one sentence, what would we like a visitor to understand about the Foundation after visiting the website?

Understand what the foundation is about. The human side, personality and interests of Vasos Lysarides and his wife Barbara and how that led to the development of the cultural center and what is presented there.

---

3. What should make this website different from a conventional museum/Foundation website?

This has to be more formal but still informative

---

4. What would constitute a successful website after the first year?

B. TARGET AUDIENCES

5. Who are the website's priority audiences?

Please rank the **five most important audiences from 1–5**.

Audience	Priority
General public	___x
Existing Foundation visitors	___x

T. FINAL PRIORITY QUESTIONS FOR THE MEETING

At the end of the needs-analysis session, we should be able to answer these **10 key questions**:

1. **Who are the five priority audiences?**
2. **What is the principal purpose of the new website?**
3. **What content and collections are currently available and digitised?**
4. **Which material is approved and cleared for online publication?**
5. **Which collections should be prioritised?**
6. **Which 12 artworks/objects should form the first QR-linked Digital Stories?**
7. **Which functionality is essential for the first six-month release?**
8. **Who provides, verifies and approves content?**
9. **What should be included in Phase 2 rather than the initial development?**
10. **What measurable outcomes will define a successful first year?**

Needs Analysis Outcome

At the conclusion of the assessment, the answers should allow the development team to produce:

Website Requirements → Final Information Architecture → User Journeys → Content Inventory → Collection/QR Strategy → Technical Specifications → Final Wireframes → Development Priorities → Six-Month Implementation Plan.
